

Public Open House

Hosted by Milton Hydro

Wind Turbine Pilot Project

Installation at Milton Sports Centre

Thursday, August 19
7:00 - 8:30 pm

Milton Sports Centre, Banquet Room

Presentation at 7:00 pm, followed by question-and-answer session

On June 28, 2010, Milton Council approved the pilot installation of two vertical wind turbines in the parking lot at the Milton Sports Centre, pending the results of a public open house and approval from the Ontario Power Authority. The turbines will be no higher than 9 metres high and will each hold two advertising banners. Milton Hydro will be monitoring data regarding the wind turbine operation in order to evaluate the effectiveness of this renewable energy technology.

Topics to be addressed at this session include:

- Height
- Aesthetics
- Wind speeds
- Energy use from turbines
- Advertising banners
- Details regarding other wind turbine locations outside of Milton
